The soundtracks is even better than the game itself!. Well, it's same tracks as in-game and I usually don't recommend OST DLCs that have it same. And here are fairly unmemorable songs, sorta something nice for background, samey, eh.. wow super gud bro i has teh game. wow I'm so happy when I listen to this, I hope this soundtrack turns into Woodle Beaver and it is so happy to see me that it gives me a pat \*\_\*
